

The Washington State Broadband Office, in partnership with community organizations serving Spokane County, invites you to a community listening session.

Do you have thoughts on internet access in your community?

Participate in this listening session to directly inform state planning for *Internet for All in Washington!*

As part of the plan for universal, reliable, and high-speed Internet, the Washington State Broadband Office wants to hear from as many people as possible to understand their experience with accessing the Internet.

Refreshments will be provided.

Open to the public

**WEDNESDAY
MAY 10TH**

4 PM - 6 PM

**Spokane County Water Resource Center -
Main Conference Room
1004 N Freya Street,
Spokane, WA 99202**

We want your input!
